**GUESTS:** Carl Knapp, Jill Tacy, Paul Marsh, Jon Osborne

**Meeting was called to order at 7:00 p.m.**

**PUBLIC HEARING:** Chairman Clow opened a public hearing on the acceptance of \$38,653.85 from the Federal Emergency Management Agency for expenses related to the December, 2008 ice storm. Carl Knapp commented that this amount represents 75 percent of the costs related to the storm. The town is expected to pay 12.5 percent and the state 12.5 percent. However, he said that the state often doesn't fund its portion. Selectman Donison asked what the expenses were. Mr. Knapp said it was for overtime labor, road salt related to the storm, chainsaws, fuel, and equipment usage. He said the town must show all of the time worked and the equipment that was used.

Selectman Lacasse spoke in opposition to accepting the FEMA money. He said that Washington is broke and that FEMA money or Stimulus money is all the same as long as Washington continues to spend money they do not have. He said it would at least be honest to raise the taxes of current taxpayers, but it is immoral to spend tax money of those too young to work or vote. He used quotes from Alexis Tocqueville and Horace Greeley to support his position. He compared the "addiction" to Washington money to the War on Drugs, saying we must "Just say no." After speaking further on his doubts about the effectiveness of Stimulus Funds, Selectman Lacasse showed a chart indicating the impact that accepting the FEMA money would have on taxes. He referred to it as "small money to sell out our children's future."

Selectman Donison said that in the case of emergency funds it was acceptable to him to accept the money. He also made several comments regarding the Stimulus funds.

Selectman Butt moved to accept the \$38,653.85 from FEMA for expenses related to the December, 2008 ice storm. Motion was seconded by Selectman Donison.

In further discussion Selectman Lacasse responded to Selectman Donison's comments by saying that stimulus spending has never worked and politicians won't pay it back. Selectman Butt asked about expenses related to a chipper. Carl Knapp explained the need for a chipper and also said that there would be additional FEMA money coming related to the brush cleanup. He

estimated \$22,000.00. Selectman Butt supported the motion saying there is not enough money to go around with all of the default budgets. Selectman Osborne asked when we could expect to receive the additional \$22,000.00, and could that be used toward a chipper. Carl Knapp replied that it wouldn't be long since FEMA officials had already been here.

Chairman Clow called for a vote on accepting the FEMA funds. Passed 4-1.
